Other Gospels

Great Commission Gainers instead of KJB & Paul

Hephzibah House - A disciplined rescue for teens that uses Greek; GC.

Cane Creek - Family info, strict obedience to GC works - bondage; Greek

Michael Pearl - Great family & Discipline, works emphasis - Greek, GC.

Hylesites - Great devotionals, family, rules & standards with soul winning but absolutely no dispensational rightly dividing the word of truth - thus poor bible understanding. Numerous examples of following the man. Strong on Great Commission, but still so wrong! As Dr. Hyles himself said, he “stood for the blood, the body and the book.” Unfortunately, he emphasized the body instead of rightly dividing the Book.—eventually had great stuff on KJV Only.

Ruckmanism - Teachings that lead you to actually read & believe KJB Only as the final authority; strong preaching, but can be very offensive. He can guide you to a deeper understandings of the Scriptures; almost too strong on Christian Liberty - but has an obviously bad testimony to the weak, too tough of meat to chew for most, too much potential for some to follow the man or try to “be like Doc” in offensiveness. Often worshipped by his followers. Now he and his followers even attack the brethren. His rightly dividing divides according to verses, not Books of Paul. He has changed to a strong Baptist now and the bookstore seems to run the ministry - the tail wagging the dog, etc. God used Dr. Ruckman to magnify the KJB and the devil may use him to drag it through the mud based on their personal & family testimonies.

Landmarkism - Solid KJB but follow 'apostolic doctrine' that brings out their church pride; brideristicism & GC preaching. Salvation & truth appears to be 'Baptist' only.

Briderism - Hard GC preaching, & good families—but strong heretical teaching on bride and very 'Baptistic' to the point of 'Baptist only' in all concerns.

Calvinism - Hard preaching but heretical teaching on election and free will. Strong on GC. In fact, their election is based on Gospels, not Paul.

Reform/Reconstruction - Patriotically great preaching - no dispensational teaching on Rightly Dividing thus serious false teachings on prophecy with an incorrect view of the church and the kingdom on earth.

History/Biographies—Great ensamples, for us to learn from, but must be wary of doctrinal problems and improper application regarding dispensations.

Non/Anti - Dispensationalists - Soul winning church builders—Great Commissionites—weak on Biblical depth; scriptural understanding & proper Bible application resulting in false teaching, including a damning teaching involving the Tribulation. They trim their ways to seek love for membership, income & success.

For further information, contact:

The Brethren - Scriptural potential for good Biblical encouragement & admonition to do right, great fellowship - but uncommonly easy to be 'let down,' 'stabbed in the back,' etc. There exists a great potential to lift the need for personal fellowship over the KJV. Great Commission folks and most are 'almost KJB.'

Teen Departments - Used to be good for teen fellowship & encouragement, etc. along with Biblical answers to life's difficulties—but easy to bring in the worldly influence. Lots of trimming of the ways to seek the love of a teen. As a potential family splitter, a teen department can encourage rebellion towards the family.

Missionaries - Great people to pray for and help in their far away land; be careful to support only those who are KJV Only vs. the Great Commission church planting bunch. Don't ask anymore from a missionary than you are willing to put out yourself, as we are all missionaries as folks need to be brought to the Risen Christ through Paul!

Music - Potential for great praises “to God”, “for God” and “from God”, but also great potential to praise & worship the Devil with 'good' music as well as the 'bad.' According to **Acts 2**, the 'worship' going on today is not of God at all. Music is feeding the flesh in churches all over the country and is starting to drive many good folks out of their churches - even our King James Bible Churches with their family styled hillbilly music.

Education/Home School - Great educational standards but leading people through a specific school of thinking is taking away from KJB & keeping many men from filling empty pulpits - as they 'learn the Book'. Vision Forum, etc. followers are pushing a false gospel through non-KJB as well as Great Commission teachings from the Gospels.

Prophecy - Varying views of prophecy just add confusion to the common man. Prophecy without the KJB went away according to **I Cor 13:10** in the year 1611.

Large Churches - Good for providing financial needs but has a false feeling of success; gain is godliness to these folks & compromise takes place. Large churches are not KJB Only anymore as that drives away 'numbers' and financial support.

Small Churches - Great personal fellowship - like a family - but compromising, sin and 'faults' are easier to see amongst the brethren & yourself thus pride is a big issue. Family 'problems' have a tendency to be bigger than they really are - more often, too.

Your Own Church - Great to have a church to attend, many don't, for the above reasons, but invite people to the Lord & KJB, not just to your 'great' church. You are a part of the Body of Christ, not a perfect local church. Don't let your personal church become what you think the gates of hell will not prevail against.

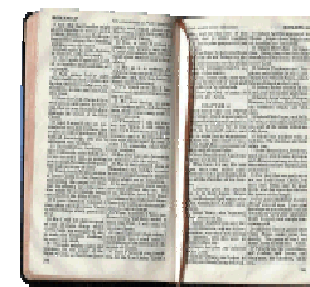

Family & Relatives—It is great to have saved relatives, but one can't forget, a prophet hath no honour in his own country or amongst his own kin. It hurts to be rejected over that KJV, but remember, Jesus' own family rejected Him and His words, too. Relatives are great for keeping you from attending your church family gatherings. There is a great tendency to trim one's ways to seek the love of your family.

Over— emphasis on any of the above can produce misery; bondage to the law, church teachings, pastor; no final KJV authority; personal disappointment; self efforts; mixed messages; frustrations; a critical spirit; rebellion toward God; real hatred and insanity; guilt; and disillusioned children watching the folly of a false religion, even it sounds good, looks & seems right as well as feels good.
